Tina Zachery gave the Fund Raising report:

Culver's will donate 10% of the proceeds from this evening to the Ring Fund. We have an open invitation from Culver's to repeat this fundraiser if we would like to. To date, Tina has ordered 549 items, with sales of 495 items. She will order State Apparel only thru the end of February.

February 22, 2008 has been decided for the presentation of the State Rings. This will also be Sr Night – Kim is going to ask Mr. Shelburne if we can present the rings in between the JV and the Varsity games due to this. Garry Jessup along with Jeff and Janice King will be meeting with Mr. Shelburne to discuss the presentation.

Debbie Price reported on The Hoosier Authority for Karen Biddle. Karen now has the special artwork for the stadium blanket.

A Scholarship committee of Cheri Hume, CeCe Dietz, Joni Summe, and Cindy Durr was formed to work on a new application. They will report back to the group at the next meeting.

Kim reported on questions regarding the 50/50 drawings. She has researched this and determined that we should be able to get an exemption based on the fact that we do not exceed \$3000.00 in proceeds from our drawings. She will apply for the exemption.

The after-prom committee asked us for a donation. After some discussion, we voted to not donate. There were several however, who would volunteer their time.

Kim informed us that nominations for next year's officers will be taken at the February meeting, with voting in March. The new officer's will take office in July.

Our next meeting will be February 25 in the multipurpose room at SHS.
